

History Medium Term Plan KS1

NC POS: Events beyond living memory and lives of significant individuals

Neil Armstrong

Concept: Cause and Consequence, Chronology, Significance, Similarity

Prior Content: Past and Present, changes within living memory, Changes beyond living memory, significant people

Core knowledge:

Neil Armstrong

Neil was an explorer who travelled to space

Neil was the first human to land on the moon

He performed a 'Lunar Landing'.

He travelled to space in a rocket called 'The Saturn V Rocket'

Neil gathered materials from the moon to carry out scientific research.

Wider influences

The Great Space race competition (known as the cold war)

Other space missions to consider:

Curiosity Rover- A Martian Rover

Viking spacecraft- Landing on Mars

International Space Station

Enduring understanding

Neil Armstrong was an astronaut, he was the first human to land on the moon

He successfully completed his mission to perform a manned lunar landing

We learnt about the earth's surface which supported future moon landings
